

# Topi House

## Masai Mara

The three Nomadic Encounters private bush homes offer flexibility, exclusivity and crucially freedom to personally design safari itineraries. Everything Nomadic Encounters offers is exclusive to you, your family or group, and is fully catered and guided by some of the very best in Africa to make this a unique experience.

Topi House borders both the 23,000 acre Olare Orok Conservancy and the world famous Masai Mara National Game Reserve. The site has been carefully selected to maximise the views through the small thorn tree forest, in which the house sits, over the national reserve boundary and into the reserve beyond. The area, with its rolling hills, is ideal for bush picnics and sundowners with a view. The property is positioned directly on the wildebeest migration route and has been known to experience huge volumes of game right up to the front door.

Our safari chefs produce uncomplicated but wonderfully imaginative meals which utilize skilful blends of flavours from the huge variety of exciting produce found in Kenya.

### Accommodation

The house consists of three well sized en-suite bedrooms which are linked by a large veranda running along the front. At the far end lies the living area, which is made up of an open plan sitting/dining room complete with an open log fire. Off the back of the dining room lies a separate kitchen which can also be accessed from the rear of the house to maximise privacy. Power is provided 24 hours via the solar inverter. Please note the inverter cannot run hair dryers.

## Amenities

- Laundry services provided
- Mobile phone networks
