The Big Five

One of the few lodges in Kenya with a Silver Certification Eco-rating with the Eco-Tourism Society in Kenya, Ol Seki Mara Camp contributes directly to the Maasai community and is proud of the strong relationship held between the camp and the resident community.

Ol Seki have successfully raised funds for a kitchen at Olesere Primary School, one of the many community based projects being undertaken. A ten dollar per bed night fee is donated to the Koiyaki Guiding School to assist in their development, and students have been both sponsored by Ol Seki and offered work placements in Ol Seki Mara Camp.
